

CITY OF RUTLAND, VERMONT

Eightieth Annual Report

Fiscal Year Ending June 30, 1972

THE PLEDGE TO THE FLAG

*I pledge allegiance to the Flag
of the United States of America
and to the Republic for which it
stands, one nation under God,
indivisible, with liberty and justice
for all.*

80th Annual Report

Fiscal Year

July 1, 1971 to June 30, 1972

City of
Rutland, Vermont

Foreword

Each year a concise yet comprehensive accounting of the City's business and activities is published for you—the stockholders in the City of Rutland. This report is for your use. Give it the same careful consideration and study you would give to your own business.

Original approved bills supporting expenditures are on file in the City Clerk's Office and cancelled checks on file in the office of the City Treasurer. Any interested citizen is welcome at any time to call at the City Hall and examine vouchers and cancelled checks.

The youth of Rutland in particular are urged to read this book and to study city government, for on the shoulders of today's youth rests the well-being of the Rutland of tomorrow.

The Administration desires to express appreciation for cooperation given it and again to urge citizens to attend the bi-monthly Council Meetings.

TABLE OF CONTENTS

Foreword.....	2
Administration.....	6
Aldermanic Committees.....	4
Assessors.....	85
Building Inspector.....	67
City Attorney.....	92
City Auditors.....	116

 - June 30 **Last day for action** by the Board of Aldermen on the Mayor's annual budget.

SOME GENERAL INFORMATION ABOUT OUR CITY FOR NEWCOMERS AND VISITORS

The Police Department is comprised of 31 regular men, a chief, a captain, a lieutenant (detective), and administrative clerk, 2 traffic clerks and approximately 75 special officers. The Police Department has 5 pieces of major equipment all with two way radio.

The Fire Department is comprised of 24 regular firemen; a chief, 2 assistant chiefs, 2 captains and 2 lieutenants and 10 call firemen. The Fire Department has 12 major pieces of equipment including a Rescue Wagon.

Merchandise and materials purchased by the City must be by a purchase order obtained by all departments (except School Department). The Purchasing Agent is required to put out for bids all merchandise or materials costing \$200.00 or over.

All offices in City Hall are closed on Saturday.

No all night parking is allowed at any time during the year in the Central Business District.

All night parking in the entire city is prohibited from 1:00 a.m. to 7:00 a.m. from December 1st to March 31st, inclusive.

Hours of operation of the City Dump may be found elsewhere in this report.

Zoning Ordinances are available at the City Clerk's Office.

The Municipal Swimming Pools are located on North Main Street (US 7) and White Playground off Jackson Avenue.

The Chaffee Art Gallery is located on South Main Street (US 7).

The Rutland Free Library and Lawrence Recreation Center are located at the corners of Center and Court Streets.

The Rutland Hospital is located on Allen Street, east of US 7.

Rutland Mental Health Service, Inc. is now located at 78 South Main Street.

The Rutland Historical Society is located on Center Street.

The Board of Aldermen of the City of Rutland meet the first and third Monday of each month at City Hall at 7:30 p.m.

The Board of School Commissioners meets on the third Tuesday of each month.

Rutland is a central area of the surrounding ski country.

CITY ELECTION day is the first Tuesday in March—March 6th, 1973.

Copies of individual city ordinances are available to the public.

There are three ice skating rinks located in Rutland and also a small ski tow with instruction available.

Power Lawn Mowers—It is a violation of City Ordinances to use power lawn mowers in such a manner that they blow grass or leaves into the street. (R.O.R. Sec. 4462)

Dog Ordinance is to be found elsewhere in this report.

Pee-Wee Hockey, Rutland Fairgrounds, call Recreation office.

The Rutland City Band

The Rutland City Band was first known as the Rutland Brass Band, which originated in the late 1860's. A few years later the name was changed to the Rutland Cornet Band, but it was basically the same group. The money for instruments and music was obtained by selling subscriptions for concerts and by asking local merchants for support.

In 1894 Carl Hinsman, an executive for the local Howe Scale Company, introduced to the Vermont Legislature a bill that would make it lawful in Vermont for cities to set aside funds raised by taxes to support a municipal band. A special committee chosen from the Board of Aldermen decided that the band would be provided with four hundred dollars, to be paid in one hundred dollar installments, providing that "said band shall furnish one concert each week . . . from June first to October first, 1894, of high grade."

With its long history, the Rutland City Band is the oldest city band in the country, although at one time another band was given the title. In the 1930's *Bill-Board Magazine* conducted a survey to find the oldest municipal band in the country, and at first the title was given to Baltimore, Maryland, but when Attorney George Goddard spotted the article and sent information proving that Rutland City Band was older, Baltimore was forced to give up the title.

Throughout its long history, the Rutland City Band has had only eight directors. The first director was Mr. Ernest Hatch, the second and third were Phil Brehmer and Al Burdick, who alternated as director for some years, because the band was split by politics. Harry Ingalls became director in 1903, Barrington

THE RUTLAND CITY BAND -- 1934

Front Row, L. to R.: *Wendall Tilden, Frank DePasquale, Domenic Romano, Almo Franzoni, William Tarbell, Napoleon Ianni, *Joseph C. Cox, Director.

Second Row, L. to R.: *Adelbert L'Ange, *Edward Copps, Albert Flagg, *Ralph Crawford, *Jerome Avery, Raymond Hughes, *William Goddard.

Third Row, L. to R.: Louis Provost, Floyd Goddard, Medrick Myette, *Joseph Seff, *George Goddard.

Back Row, L. to R.: Alfeo Barbagallo, *William Skeels.

Only Louis Provost and Raymond Hughes are still with the Band.

*Deceased

Sargent in 1904, in 1906 Louis V. Ricci took over, and in 1927 Joseph Cox, a twenty-five year member of the band, assumed the directorship and held that position until 1950 when he retired due to ill health. He was succeeded by Napoleon Ianni who had joined the band in 1912, at the age of fourteen, as a trumpeter. Ianni continued as Director until 1966 when he retired, to be succeeded by Raymond Brown. The present Director, Gerald L. Minard, Jr., assumed the position in 1971.

Mention should be made of the long service to the Band by Raymond A. Hughes. Mr. Hughes joined in 1910 as a saxophonist, serving in that position until 1963, and is still the Band's very active Business Manager and Treasurer. Other members, still active, with outstanding years of service are Louis A. Provost, fifty-three, and T. Richard Dagg, thirty-seven. Other men, no longer connected with the band because of retirement or death have built up attendance records ranging from 35 to 66 years.

When Admiral Dewey was honored as a returning naval hero in 1899 the Rutland City Band was there. It serenaded Teddy Roosevelt as he campaigned for President in Rutland. The Band played at the New York World's Fair of 1964 on "Mid-Vermont Day" and of course has always been present at local celebrations of patriotic nature.

Concerts are given each week during the summer in Main Street Park. The enjoyment which these affairs have brought to Rutlanders is perhaps best exemplified by a tribute accorded by former Mayor John J. Daley in the 72nd Annual City Report: ". . . This loyal group of Rutlanders has entertained in our own city park for many, many years. Their dedication to the field of music has given untold hours of pleasure to both young and old. Our congratulations to them, and we look forward to many more years of fine entertainment."

Mayor's Message

August 4, 1972

To the People of the City of Rutland:

The fiscal year July 1971-72 was a progressive one for the City, although sometimes turbulent. Our accomplishments are attributable to the weekly planning at Staff meetings and complete cooperation of Department heads; and the conscientious work of the Board of Aldermen, and all City employees. Despite a tight budget the surplus at year-end amounted to nearly \$150,000.

A fire at the Allen Street stump dump necessitated changes at our sanitary landfill, including the purchase of a \$43,000.00 bulldozer. Through the cooperation of Msgr. Thomas Conner and City Engineer Lyman Styles a marshy section on the west side of Calvary is now used for disposal of stumps.

In construction, the three million dollar housing projects—(75 unit high-rise for the elderly at Sheldon Place and the 75 unit low-income on Forest Street) were completed. The 16-20 inch main in the northeasterly section of the city was finished, and the sewer siphon on West Street; also the sewer and pumping station at Grove Street near the Country Club. The dredging of East and Otter Creeks was capably accomplished by the Army Corps of Engineers. The cost was approximately \$100,000.00 at no expense to the city. This was a flood control project under the Civil Defense Administration. Aldo Manfredi is our Civil Defense Director. City Engineer Styles was instrumental in implementing and overseeing this project. Construction has begun at the Technical School on Woodstock Avenue. The anticipated completion date is September 1973.

Three structures were purchased—the Sharp Printing property at the corner of Washington and Wales Streets for \$35,000.00; the adjoining Landry home for \$9,000.00 and the Seventh Day Adventist Church at 101 Center Street, \$13,500.00, for the use of the Rutland Historical Society. These items were not budgeted but we were able to pay cash for them.

The TOPICS program continued with Phases one and five completed, two and three nearly finished, and Phase four engineered. In connection with five, the city leased, paved and metered the Trinity Church lot at West Street. My personal thanks are extended to Father Donald Webster, Church Vestry and parishioners. We also purchased the Onion property at the corner of West and Pine and developed a much-needed facility in that area. Further sites are under investigation.

Under the direction of Superintendent of Parks and Playgrounds John Cioffredi and a citizen's committee, a downtown beautification program was initiated. With limited funds they have made a fine beginning. Well paved and marked roads, and modernized store fronts add to the shopping area's appearance.

The Board of Assessors finished a complete re-appraisal of the 5400 pieces of taxable property within the city. The fact that less than 3% appealed to the Board of Civil Authority is testimony to the competency of our Assessors and they deserve a "well done" for adding 25% to our Grand List.

Among our young people we have found considerable interest shown in municipal affairs. At a ceremony at Mount St. Joseph Academy, 47 eighteen-year olds were sworn in to full adulthood—the first public ceremony of this nature in the United States. Attorney General James Jeffords and Secretary of State Richard Thomas were present. Efficient arrangements were made by City Clerk John Barrett with Principal Father John O'Connell.

Later a ceremony was presented at the high school and we were honored to have our Governor Deane C. Davis as speaker. Superintendent Dr. James Tinney, Principal William Timbers and Assistant Bruce Stryhas participated.

A Juvenile Officer, Detective Douglas R. Williams has been added to the police force through a grant from the Governor's Crime Commission. Already excellent results have been forthcoming. This program was proposed by Police Chief Stuart Jenne.

A Junior Board of Aldermen, six from the academy and six from the high school were elected by the students in spirited campaigning. Lincoln Fenn is the high school advisor, and Arthur Crandall at the academy. The students' interest and enthusiasm are indications that worthwhile measures will be recommended and implemented. Soon after organization they did a much-needed clean-up of Tenney Brook.

An indoor hockey program was carried on for the first time at the Fairgrounds. Our thanks go to Christopher Webber, Jr. and to the Fair Association.

Negotiations are still underway for the purchase of the Meadow Street playgrounds from Vermont Catholic Charities. With Bureau of Outdoor Recreation funds this could be expanded into an excellent recreational area.

Many young people participated in Green-Up Week. It is gratifying to have our teen-agers engaging in worthwhile municipal projects.

In a preliminary study, a citizen's committee, chaired by J. Walter Herlihy, reviewed the city's police department. Their principal recommendations were (1) better pay standards which have been scheduled, and in connection with this and other cost of living allowances for city employees, Chairman of the Personnel Board Alderman Francis Sanborn and City Treasurer Joseph Simonds have done a professional presentation for Internal Revenue; and (2) improved quarters. The city is awaiting two Crime Commission grants for site-selection, pre-planning and schematic designs for a new station. In the meantime, as a stop-gap measure, a section of the old fire station is being used for locker and lunch rooms. The findings of this committee were invaluable in future planning.

The fire department instituted a program of checking all space heaters. Nearly 400 were investigated. This program will continue, under the supervision of Fire Chief Alfred Koltonski.

Revenue-sharing, passed by the House of Representatives, and now in the Senate, is expected to provide \$307,000 in additional monies for Rutland.

Superintendent of Schools Dr. James J. Tinney carefully watched legislation regarding State Aid to Education. This year Rutland will receive \$300,000 more than the previous year. I was upset when Dr. Tinney resigned. In my opinion he was one of the finest, most capable administrators the city has ever engaged. He was cooperative and helpful to me not only on school matters but almost daily I sought his advice on other city problems.

The closing of six grades at St. Peter's School was not happy news but inevitable. The city has leased the building and will operate these six grades at a cost exceeding \$200,000 this year. Also there is budgeted \$50,000 for Parochial extension services. City Attorney Richard Norton has worked out a plan which he hopefully expects will not be negated by court action.

The City Charter, due to the monumental task performed by former Alderman Craigue Perkins and City Attorney Norton, is ready for ratification.

The city's Workable Program has been submitted to the Federal Department of Housing and Urban Development, and the City Planning Commission meets bi-monthly preparing the Master Plan which must be ratified by March 23, 1973. This is a tremendous undertaking and the endless efforts displayed by the Commission members is appreciated. Edward Calcagni is Chairman.

City employees have shown unusual interest in improving their knowledge of their positions. Particularly, in the Police and Public Works reports you will find mention of this. Twelve city employees took a fourteen-week evening course in Standard Municipal Accounting at the high school conducted by Champlain College. The instructor is a faculty member at Green Mountain College. Eight city employees attended a three-day seminar on Civil Defense at Middlebury Inn together with city of Burlington officials. Also ten city employees attended an eight-week course in Municipal Planning presented by the University of Vermont Extension Service.

To alleviate unemployment, the Federal Government instituted the Emergency Employment Act—a two-year program funded 90% by the Act. Rutland has twelve employees training to replace people who will be retiring within this time limit.

I have conducted extensive negotiations with the Civil Service Commission about providing an Administrative Assistant to the Mayor. His main duties would be in the area of coordinating planning and Federal and State funding.

Rutland, like every other city, has major problems facing it in the next decade. We are fortunate in having foresighted department heads who are planning for Rutland 1985.

CITY OF RUTLAND

I wish to thank all Department heads, the Board of Aldermen, city employees, Rutland Herald, WCAX television and radio stations WHWB and WSYB, and all of the people in Rutland for their support during the fiscal year. True, we have many complaints, but our city is a corporate entity and every taxpayer is a stockholder.

Respectfully submitted,

WILLIAM H. FOLEY, SR.
Mayor

BUDGET 1972-1973
LETTER OF TRANSMITTAL

June 2, 1972

*Honorable Board of Aldermen,
City Hall, Rutland, Vermont*

Gentlemen and Mrs. Stearns:

Attached is the proposed budget for the Fiscal Year July 1, 1972-June 30, 1973.

At this time I am asking the chairmen to arrange meetings with their committees and the department heads as soon as possible to go over the individual budgets.

Very truly yours,

WILLIAM H. FOLEY, SR.
Mayor

Enclosure

**ANNUAL REPORT OF THE BOARD OF
SCHOOL COMMISSIONERS AND
THE SUPERINTENDENT OF SCHOOLS**

To the Honorable City Council and Citizens of Rutland:

The 1971-72 school year was marked by events which will have far reaching effects on the Rutland Public Schools for many years to come.

The first event was the announcement of the closing of the St. Peter's parochial elementary school. This was the second parochial school to close within the past four years. These closings have resulted in increased enrollment, more staff, and added buildings. The opening of the Forest Park housing development has added students, especially to the schools in the southwest section of the city, the area most affected by the closing of St. Peter's. These events have increased the local school budget, and point to the necessity of increased local tax support.

The second event to have far reaching effects, was the breaking of ground for the new vocational-technical school on Woodstock Avenue. This facility will offer increased opportunities in the field of vocational education to students in Rutland High Schools as well as students in the high schools in the Rutland area. This facility will also make it possible to offer expanded programs for adults of the area. The adult education program which has grown in recent years, may be further expanded with the opening of this new facility. This new school has great potential for Rutland and the surrounding area, and should be a source of pride for the entire community.

Rutland Junior High and Senior High continue to be pressed by increased enrollments. While the new vocational school will assist in relieving the space problems at these schools, it will not completely solve the space requirements. The Board of School Commissioners and the school administration are now studying this problem at both the secondary and elementary levels.

Educational programs continued to be developed and implemented at every level. An individual listing of existing, expanded, and new programs would be too long for inclusion in this report. The entire staff continue to plan and carry out the best educational programs that resources will permit. In this regard, it would be remiss not to credit the very considerable talents of our staff. It is the staff, after all, who are at the heart of the school system.

RUTLAND PUBLIC SCHOOLS

Membership

June 9, 1972

CITY OF RUTLAND

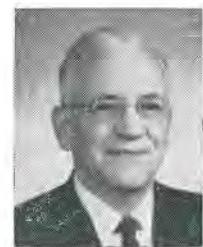

The resignation of Dr. James J. Tinney as Superintendent of Schools was received with regret in March. The school system made much progress during Dr. Tinney's tenure. The best wishes of the Board of School Commissioners and the entire staff go with Dr. Tinney in his new endeavor.

Respectfully submitted,

ELEANOR ELWERT, President
Rutland Board of School Commissioners

THOMAS G. CHESLEY, Acting Superintendent
City of Rutland Public Schools

Rutland, Vermont, October 16, 1972

ANNUAL REPORT***Health Officer***

*To the Honorable City Council and
The Citizens of Rutland:*

It is the pleasure of your Health Officer to submit, herein, the annual report of the Health Department for the fiscal year beginning July 1, 1971 and ending June 30, 1972.

The Health Department is composed of a three man Board of Health, appointed by the Mayor, and a Health Officer, appointed by the State Board of Health.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

One hundred sixty-nine cases of contagious diseases were reported and quarantined during the year. A monthly chart follows:

CONTAGIOUS DISEASES											
Abbreviations											
Mu.—Mumps	S.I.—Streptococcal Infection										
Mea.—Measles	I.H.—Infectious Hepatitis										
C.P.—Chicken Pox	Polio.—Poliomyelitis										
W.C.—Whooping Cough	I.M.—Infectious Mononucleosis										
Ty.—Typhoid	G.M.—German Measles

June.....	3								1		4
TOTALS	1	41	31					7	2	87	169

All reported dog and animal bites were investigated and precautionary measures taken. There were no cases of rabies.

This year the free annual immunization clinics in the elementary schools were held on May 17, 18, and 19. Two hundred forty-two children were inoculated for immunization against Measles and German Measles. Dr. Beale, Health Officer, ably assisted by Mrs. McCormack, Miss Burke and Mrs. Plumer, School Nurses, carried out this program.

In October free immunization shots for Influenza were offered to all City employees. Fifty-eight employees availed themselves of this opportunity to receive this protection.

In the opinion of the Board of Health these are worthwhile clinics for the prevention of the afore-mentioned diseases. This department urges all who are eligible to take advantage of these Special Clinics.

A total of 402 samples of water from the city's taps were sent to the Bureau of Laboratories, Vermont Department of Health in Burlington for analysis. Nineteen samples showed evidence of contamination. This department again wishes to thank the Water Department for their excellent control work on the water shed and at the reservoir, especially Mr. Harry Jasmin and Mr. Rolla Jasmin.

Samples of water from the swimming pools were also sent to the laboratory during the period the pools were in operation.

Many nuisance complaints were investigated and action taken to improve or alleviate the complaint. Numerous plumbing inspections were made.

As Health Officer I would like to express my appreciation for the courtesy and co-operation that I have received from the Mayor, City Council, City Employees, State Board of Health, School Nurses and the Parents and Physicians of the City of Rutland.

Respectfully submitted,

CHARLES D. BEALE, D.O.
Health Officer

Board of Health:

ROBERT W. BEAUCHAMP, Phg.
HARRY RYAN, JR., M.D.
GORDON B. SMITH, M.D.

Milk Inspector

August 23, 1972

*To the Honorable City Council and
The Citizens of Rutland:*

I hereby submit the annual report of the Milk Inspector for the fiscal year beginning July 1, 1971 and ending June 30, 1972.

Six hundred and seventy-five dollars (\$675.00) was collected in license fees during the year and the money turned over to the City Treasurer whose receipts I hold for that amount.

There were 18 licenses issued at the Rutland Fair. Thirty-seven Retail Stores, 52 Restaurants, 3 Bakeries, 5 Peddlers and 4 Creameries were also issued licenses during the year.

All Creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken from the creameries and submitted to the Board of Aldermen were accepted and published in the Rutland Herald.

As Milk Inspector I would like to take this opportunity to thank the producers, plant operators and the State Inspector, Mr. George Severance, for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.
Milk Inspector

Civil Defense

*To the Honorable City Council and
The Citizens of Rutland:*

I am pleased to present to you the Annual Report of the Civil Defense Department for the fiscal year ending June 30, 1972.

Rutland City officials participated in a three-day seminar with Burlington officials in cooperation with Federal and State Civil Defense personnel in Middlebury, Vermont. This seminar was a pilot program of the Federal government to help local communities assess their readiness in time of a disaster.

I, along with several Civil Defense volunteers, assisted State Civil Defense personnel at the Rutland Fair in distributing information literature at the Civil Defense booth.

We participated in the Federal Surplus Program from which the City obtained three Army trucks with more equipment to be obtained as soon as it becomes available.

During the year I spoke to Rutland Junior High School students and Rutland Town Elementary students on Civil Defense Emergency Planning.

I also spoke at the Vermont Society Civil Engineers meeting and the Otter Valley Radio Club.

Also, I conducted a review of the shelters with Federal officials.

We activated the department twice this year—once in February and once in June during the power failures at which time the Communications division was activated and played an important role in locating downed power lines and trees.

Last March I completed a Civil Defense Director/Coordinator course given through the Civil Defense Staff College in Battle Creek, Michigan. Also, a fourteen week course in Budget Accounting was completed by the staff secretary Miss Mary Ann Dyer.

I wish to thank Honorable Mayor Foley, the City Council, Rutland City officials and employees, also the Civil Defense volunteers for their very capable help and cooperation in making this past year a success.

Respectfully submitted,
ALDO M. MANFREDI
Director—Civil Defense

Recreation and Parks

*To the Honorable City Council and
The Citizens of Rutland:*

It is my pleasure to submit to you our annual report for the fiscal year ending June 30, 1972.

FEDERAL PROGRAMMING:

Hired under a work study program termed Student Internship in Economic Development under the auspices of the Vermont League of Cities and Towns were two summer Park Attendants. The students took statistics and drew conclusions about the city park system for presentation in school in the fall. Their job was to make sure the city facilities were being used properly. Vandalism is and always has been a serious problem in Rutland, but with these interns to keep watch over concerts, demonstrations and other area events, destruction and damage was kept to a minimum.

The Recreation Department provided a trainee program for Recreational work under a Federal Emergency Employment Act. The Employment Security Department said a total of 616 jobs were requested by 124 units of local government. Rutland had requested 20 job slots. Mr. Thomas Champie was selected as a trainee.

DOWNTOWN BEAUTIFICATION PROGRAM:

A new program, Downtown Beautification, instigated by Mayor William Foley and placed under the directorship of John W. Cioffredi, who in turn selected a committee to work with, began with the purchasing of 11 urns for the triangle on Merchants Row and Center Street. These urns will be cared for by the Department. Members of the Committee are, Judge Howard Douglas, Myles Pratico, Richard Sherman, Shirley Goldman, James Cronin, Norma White and Charlotte Fletcher. The committee approached the city merchants hoping they would be in favor of purchasing an urn for their store front. A total of 14 urns were ordered by the merchants, a much smaller number than hoped for by the committee. It is hoped that in the future more will take an interest in the project.

RUTLAND TEENS:

After much controversy about the litter in and around Tenney Brook, the Rutland Teen Council under Miss Dorothy Paul and spearheaded by Todd Barnhart and Tim Herbert, initiated a project termed "Mission Possible" and enlisted the help of both high schools to undertake the project of cleaning it up. Approximately 75 people went to task at picking up the debris along the brook west of North Main and made a huge dent in the large mess near Tenney's mouth.

CONSERVATION FIELD DAY AT PINE HILL:

A Conservation Field Day at Pine Hill was held in October for grade six pupils. The teaching staff consisted of members of the State and Federal Conservation and Environmental Agencies and the Recreation Department. Six subjects relating to conservation were taught . . . forest ecology and wildlife habits, soils, recreation, forest resources, agriculture and water resources. Some 616 pupils participated and 21 teaching stations were scattered about the 42 acre section of the Park. The program was sponsored by the Vermont Department of Forests and Parks.

SAFETY PATROL PICNIC:

The Recreation Department took an active part in the Safety Patrol Picnic, which has always been sponsored mainly by the State Department of Public Safety. The event is one of five patrol picnics around Vermont. More than 900 school safety patrol members from Rutland and Bennington counties participated. Sport contests from softball to relay races and game winners were awarded ribbons, which the Recreation Department organized.

MEADOW STREET PLAYGROUND:

The purchase or long term lease for Meadow Street Field was discussed with Vermont Catholic Charities officials who own the land. Complaints have been made in reference to the facilities the Recreation Department has in that area, that they are not as well developed as Rotary Field or White Playground. The reason for this lack of development is due to the fact it is not owned by the city. If purchased and developed Mr. Cioffredi intends to make it a neighborhood project and establish a playground around the people's wishes. Among the facilities Cioffredi plans are a tennis court, basketball court, small swimming pool and a new building.

SENIOR CITIZENS CENTER:

The Center is for the use of anyone who has reached retirement age. The facilities are available free of charge, no membership fees or charges for instruction. Existing Senior Clubs use the Center for meetings, card games and suppers. Individual

members also take advantage of the active program which includes classes in painting, various hand crafts, cards, movies and special programs concerning the particular needs of the elderly, such as: frozen meals, lip reading, friendly visitors to shut ins, inter-relationship with local Nursing Homes and Residences for elderly, free monthly blood pressure check and regular health programs, assistance with Income Tax rebate forms, library service, craft merchandising service and forums on needs of elderly. We have available identification cards for emergencies with medical information which may be had on request free of charge; also courtesy cards from Carroll's for 20% discount on prescription drugs. The Center tries to serve as a central information bureau for any problems or services you may need. If we are not able to be of specific assistance, we will try to refer you to the proper agency. Here at the Center we have a recreation room, rest rooms, large kitchen, lounge area, magazines and books from the library to take out. Come in and see us. Miss Ann Wallen, Director.

SPRING AND SUMMER PROGRAMS:**Main Street Park**

The Park is being used more and more by both families and youth. This summer a few "Nationality Nights" were held in the Park, first of which was "Irish Night" and for which we would like to thank Tom Levins for his part and "Italian Night" for which our thanks goes to Joseph Muscatello. Folk songs and tales were also presented along with our regular Tuesday evening rock concerts and Sunday Band Concerts.

Bike Hikes

Bike Hikes to such places as the Wilson Castle, Proctor Marble Exhibit and Chittenden Dam were taken. The bike club also participated in Green Up Day which started at the Recreation Center with a pancake breakfast for all.

Archery Lessons

Archery lessons were offered this Spring to all women interested. Classes were held at Rotary Field two mornings a week.

Rutland Indians

The Rutland Indians, Rutland's own all-stars and Vermont State Champions went on to compete in the National Tournament in Florida. In a benefit game to help fund the trip the Indians played City Hall officials at Rotary Field. The officials scalped the Indians in an 8-5 victory after a comeback in the last half of the game. In the Florida Nationals the Indians lost to the Santa Clara, California team 8-1.

Sports and Summer Activities

Rock Concerts
 Band Concerts
 Tennis Lessons—Youth and Adults
 Golf Lessons

 Seventh and Eighth Grade Basketball

Six City Playgrounds Open

White	Northwest
Meadow Street	Northeast
Rotary Field	Madison Street Mini Park

Playground News

Hula Hoop and Frisbee Contests, Fishing Derby, trips, overnights, and numerous contests were just a few of the activities held this summer, at the playgrounds. Mardi Gras II was held again this summer in Main Street Park where each playground made up their own game or contest for the carnival. The money collected from the benefit went to the Jimmy Fund.

FALL AND WINTER PROGRAMS—YOUTH

Ice Hockey

A Pee Wee Hockey Program for boys 7-12 years of age was developed through the cooperation of the Rutland Fair Association when an indoor Hockey Rink was constructed in a cattle auction barn. We'd like to thank Chris Webber who donated a great deal of time to organizing the program, Al Ransom and Diamond National for their contribution and time and the many coaches that helped make the program possible. Our thanks also to the Rutland Fire Department who helped flood the rink. The Program was a success to say the least and we hope to expand it in the near future.

Folk Dancing

A Folk Dancing Class was newly initiated and featured dances from Mexico, France, Spain, Ireland, etc. Mrs. Bonnie Bean instructed. Performances were given by the group at Department sponsored Christmas parties and Easter Events. The program proved popular and continued throughout the summer.

Model Club

A model airplane and car club was begun through the help of Gary Miller of Knapp's Pets and Hobbies. The class made their own planes and flew them at various demonstrations.

Easter Events

Easter events included an Easter Egg Hunt in a new fashion. Clues were given on the local radio stations and in the Rutland Herald as to where the eggs should have been hidden, but, there were no eggs, only six clues. Brian Helland of Library Avenue came up with the right answers and was the new owner of a bright red bicycle, donated by Grants Department Store. An Easter party was held for children ages 4 through 6 with contests, games, prizes and a visit from the Easter Bunny. A jellybean contest was held and Ray Adams of Pierpoint Avenue won a large chocolate bunny and all the chocolate jellybeans, 720 of them. Congratulations.

Parents Night

Two presentations of "Parents Night" were held for parents, families, and friends where our Drama Classes, Baton Group and Arts and Crafts Classes performed and held an exhibit.

Babysitting Course

A course in babysitting for students from grades 7 through 12 was offered Monday evenings for six weeks. The course featured demonstrations on first aid, handling emergencies, baby bathing and feeding, and entertainment of babies. A local physician, policeman and nurse were among the instructors.

Halloween

October 31, Halloween, a popular time of the year for the Recreation Department. This year's events included a party for children, kindergarten through grade 3. With a costume parade, games and prizes. Climax of the party was a visit from Mr. Jack O'Lantern. The parade got under way with Miss Esther Chartrand of Otter Valley High as this year's reigning queen and followed by throngs of area children dressed in costume, Batman, Night Hawk, Red Skull and forty other comic book characters, some of which were the actual authors who create comic book characters. Copies of the two nationally distributed comic books which carried in October issues weird stories about Halloween in Rutland were donated by Steve Eddy, owner of the Book King. Miss Martha Pray of 44 Roberts Avenue was winner of the Jack O'Lantern Contest and recipient of a bicycle donated by Green Mountain Schwinn Cyclery. O'Lantern in tuxedo and pumpkin head climbed out of his limousine and was unmasked as Nick Marro, Herald Reporter.

Christmas

The annual holiday schedule prevailed with contests in pool, ping pong, chess and checkers. The children's party for ages three through six had a special visit from Santa and his elves. Dean Rippon and family presented a clown and stunt act. Santa's mailboxes were picked up at Rutland schools and answered by Santa himself. The toy project, through the help of the Rutland Teen Council, made up approximately 65 boxes of toys for the needy, and delivered them to families in Rutland. We would like to thank all those people who so unselfishly donated gifts to the project, especially the members of the Demotic Club, and the Rutland Herald's staff for their contributions.

The Michael Coleman Award, for the boy who has shown the most improvement in Flag Football, was received by John Carroll of Northwest School during the half time of the M.S.-R.H.S. Football Game.

Continuing Activities For Youth

Knitting Class	Junior Chorus
Art Class	Wrestling Classes
Junior Stamp Club	Movies
Tap, Ballet & Aerobatics	Girls' Gym
Tumbling Classes	Flag Football
Cheerleading Classes	Pitch, Hit, & Throw Contest
Skating Rinks (2)	Halloween Painting Contest
Drama Clubs	Kite Contest
Open Gym	Teen Dances
Cheerleading Clinic	The Cellar, with juke box, pool, ping pong, shuffleboard, pin ball & bowling machine
Horseback Riding	
Wreath Making	

Adult Activities

Men's & Women's Volleyball	Maple Leaf Cat Fanciers
Sauna Bath	Rutland Family Campers
Complete Weight Room	Stamp Club
Coronary Prevention Program	Coin Club
Business Men's Workout	Chess Tourneys & Club
Adult Basketball League	Yoga
Women's Slimnastics	Women's Sports Club
Knitting Class	Rutland Square Dance Club
Bridge Lessons & Club	

Golf Lessons

Golf Lessons were conducted this summer at the Rutland Country Club. Lessons ran for four weeks under the instruction of Henry Vergi, Golf Pro.

Ski Touring

A class in ski touring for Rutland Area women was conducted by Gunilla Alsop at the Rutland Country Club. Mrs. Alsop stressed the ease of ski touring and its availability and low cost. Basic techniques, waxing, use and care of equipment was taught.

Ski Tow

The Rutland Ski Tow at the Country Club was not in operation this past year. The motor, which was purchased through the high school, was not readied by the school in time for skiing.

Indoor Tennis

Indoor Tennis lessons were offered at the Recreation Center for women wishing to get a head start on the game. The lessons were for beginners only and approximately 40 women participated.

SUMMARY**Long Range Plans**

1. Proposed improvement of the Meadow Street Play-ground Area.
2. A special Park for Senior Citizens.
3. Development of Pine Hill into a natural environmental area.
4. Construction of a sports complex near Pine Hill that will include football and baseball fields and tennis facilities.
5. Additional tennis courts throughout the city.
6. Construction of wading pools at various neighborhood playgrounds.
7. An indoor rink.
8. Continuation and expansion of Department's municipal beautification program.

Fiscal Needs For The Department Are—

- A Second Gymnasium
- Maintenance Garage
- Professional Help
- Handball Courts
- Fill for White Playground
- Tennis Courts

I would like again to thank the Mayor, Board of Aldermen members and citizens of Rutland for their past and continued encouragement. I would also like to thank my staff, Patrick Slattery and the Herald staff, Frank McCormack and the WHWB staff, Tiny Hare and the WSYB staff, Tom Fagan, Green Mt. Schwinn Cyclery, Grants Department Store, Myles

CITY OF RUTLAND

Pratico, The Teen Council, Atty. James P. Carroll, Dr. James Tinney and the School Board, Jim Cronin, Bob Dikeman, Chris Webber, Nick Marro, all the Midget League Coaches, and all our volunteers.

 Total receipts, including the White Fund were.... \$17,229.42

Respectfully submitted,

JOHN W. CIOFFREDI, Superintendent
Recreation and Parks Department

ANNUAL REPORT*Fire Protection*

To the Honorable City Council:

Gentlemen:

I hereby submit to you the annual report of the activities of the Fire Department for the year ending June 30, 1972.

The Fire Department responded to 405 fire alarms as follows: Telephone 274, Street Boxes 97, Automatic Detectors 20, Police Telephone 8 and Verbal 6. There were 40 malicious false alarms. The Department also responded to 316 "Special Service" calls of various nature. There were 126 calls for the Rescue Truck.

There were 5 General Alarms during the year. On December 15, 1971 the Department was called to assist the Castleton Fire Department, for a major fire in a Castleton State College building. Captain Frank Walsh received a broken ankle and was off duty for 3 months. On December 25, three people were hospitalized for burns and cuts at a fire at 40 Elm Street. On January 22, Barry Hart aged 7, died in a fire at 199 Spruce Street. The building was badly damaged. I do not have a complete amount of damage for the year.

Apparatus

Engine #1—1963—1,000 G.P.M.—Maxim—Triple Combination
 Engine #2—1969—1,000 G.P.M.—Maxim—Triple Combination

 One 1967— $\frac{3}{4}$ Ton G.M.C. Pick Up Truck
 One 1971—Aerial Lift G.M.C. Truck
 One 1943—Jeep Roadster
 One 1968—Buick Sedan
 One 1968—Truck Cargo 2 $\frac{1}{2}$ Ton
 One 16 Ft. Rowboat and Trailer

CITY OF RUTLAND

One new bucket truck was added to the Fire Department in March and has proved very helpful. Also an Army truck was obtained through Civil Defense.

All apparatus is in first class condition.

During the year three old fire alarm boxes were replaced and two miles of fire alarm wire was replaced. There were 244 Wiring Permits issued, 336 buildings were inspected for so called Space Heaters. Also regular weekly building inspections were made with the Building Inspector and Dr. Beale.

First Assistant Chief Martin Kelly retired on December 31, 1971 after 42 years of faithful service. Mr. Kelly joined the Fire Department on July 29, 1929 and was appointed Captain May 26, 1966. Second Assistant Chief January 1, 1968 and First Assistant Chief January 1, 1969.

Fireman Thomas Lynch retired on December 31, 1971. Mr. Lynch started work as a call fireman on February 1, 1940 and started work as a regular fireman on October 20, 1941.

I wish to thank all of the members of the Fire Department, His Honor the Mayor and all other Departments for their assistance and cooperation.

Respectfully submitted,

ALFRED H. KOLTONSKI
Chief of Fire Department

Public Works Dept.

To: *The Honorable City Council and
The Citizens of Rutland*

It is both a pleasure and an honor to hereby submit to the Annual Report of the Department of Public Works for the year ending June 30, 1972.

Each year I become more and more impressed with the average Rutlander's natural sense of fairness, patience and recognition that problems which have existed for years cannot, as a practical matter, be solved in one year. For those who may on occasion get impatient with the seeming lack of progress by my Department, I can only point to a sign on my office wall which states "Only Robinson Crusoe could get everything done by Friday". I need your assistance in allowing me time to prevent future problems, while we answer in an ordered manner existing complaints.

STREETS AND SEWERS DIVISION

This operation is very ably supervised by Assistant Superintendent of Streets and Sewers Mr. Donald Foster, capably assisted by Foremen Mr. Donald Santwire and Mr. James Ward. The Division includes the operation of Streets, Sewers, Solid Waste Disposal and Winter Maintenance.

Streets

This year we completed the Killington Ave. project. Killington Ave. from Stratton Road east to the City/Town line now has 1½" and 4" of bituminous concrete pavement on a well graded base, with cross subdrains, catchbasins and a trunk storm sewer from the Town line (approximately) to Moon Brook.

Our Annual "hot mix" (bituminous concrete) paving program continues. 11,459 tons of "hot mix" overlay were placed by the paving contractor, Vermont Paving on: Elm St., Curtis Ave., Prospect St., Gibson Ave., Engrem Ave., Vernon St., Killington Ave., Church St., Pine St., Evelyn St., Stratton Road, Woodland Dr., Howard Ave., Hillside Road, Watkins Ave., Hazel St., Cramton Ave., Adams St., Pleasant St., Nick-

wackett St., Clinton Ave., Davis St., Spellman Terrace, Ave. C, Willow St., Edson St., Royce St., Clover St., Sharon Drive, Victor Place, Main St., So. Main St., Field Ave., Strong's Ave., Maple St., Cottage St.

Our mileage record for the 3 years of the "hot mix" paving program is:

1969.....	8.02
1970.....	9.25
1971.....	5.84
Total.....	23.09 miles

The surface treatment program also continues consuming 29,758 gals. MC800 asphalt, 260 tons of grits, 144 tons of sand and 1,797 tons of peastone. Some 783 tons of cold patch were used.

The lack of adequate drainage control, including storm sewers and curbing continues to be a costly factor in street maintenance. A policy for constructing these items along with other street improvements is required. A street is only as good as its drainage, no matter how good its pavement and base is. The sidewalk paving program is continuing with new hot mix sidewalks being placed.... A dent is being made in the seven year old list of requests for new sidewalks and curbs.

Major equipment items purchased during the year were two 34,000 GVW International dump trucks and three GMC $\frac{1}{2}$ ton pickups. It would be better planning to establish an equipment fund for the replacement of equipment on a regular basis.

Our forces constructed two parking lots as part of the TOPICS (Traffic Operations to Improve Capacity and Safety) program. One at the Trinity Church and one at the corner of West Street and Pine Street. Numerous street signs and traffic signs were replaced and/or reinstalled by this Division.

Sewers

On March 20, 1972, I submitted to the Board of Aldermen a report on the City's sewerage system. Included in the report were recommendations as follows:

1. The adoption of an ordinance clearly setting forth the necessity for the installation of backwater valves in areas subject to backflows from the City sewer mains.
2. To amend the building ordinance to require various means for the proper handling of ground and surface waters, and a proper site plan for all buildings.
3. The preparation of a comprehensive sewerage plan to include the separation of sanitary and storm sewers as

well as the upgrading of the Sewage Treatment plant. The plans made by SIECO, Inc. in 1969 and by DuBois and King in 1965 no longer fulfill the requirements of the new Federal Water Quality Legislation.

Hopefully in the next report of this Division, positive actions on the recommendations will be reported.

Last Fall, our sewer bucket machines were activated. The bucket machine, although slow, is the one process that removes all debris from sewers, another one is needed.

Fiscal 1971-1972 did see the completion of sewer projects on: Giorgetti Blvd., storm sewer with spurs to Catherine Drive and Westview Ave. Killington Ave. storm sewer with a spur to Alta Terrace; and on Norton Place, storm and sanitary sewers to the new Sheldon Towers, this project was done by Earle and Merry. Other sewer main extensions were on Ridgewood Lane, Marolin Street and Irving Heights. In addition, this Division installed 7 new catch basins and 3 new manholes, repaired 23 catch basins and made 52 new connections.

Purchases for major equipment included a 3" pump and a steam thawer.

Two other special sewer projects also saw completion this year as part of our continuing program to eliminate water pollution. The Grove Street Ejector Station and Force Main provided sewer service for the Rutland Country Club and adjacent houses on Grove Street. The project consulting engineer was Dufresne and Henry of Springfield and the contractor was Roe-Del of Poultney. The other special sewer project was the West Street Siphon at East Creek. A two barrel (a 12" and a 10") combined sewer siphon under East Creek as well as new sanitary and storm lines west of the bridge with an overflow were installed. The project consulting engineer was Wright Engineering of Rutland and the contractor was Earle and Merry of Rutland.

Winter Maintenance

The Winter of 1971-1972 with its total accumulation of approximately 88 inches of snowfall would not appear to have been as troublesome a winter to cope with; however, the many snow-sleet-rain-thaw cycles we went through caused considerable difficulty and a marked increase in the use of road salt. We all remember with fondness the balmy January 13 with its 58 degree temperature. Thanks to Mrs. George L. Kirk, the official U. S. Weather observer, to William Sharp, the observer for Rutland High School's weather service and to the Central Vermont Public Service dispatcher for their cooperation in keeping us informed on

weather. We now have a "snow gage" at the office for the information of the confirmed snow flake depth watcher.

In spite of the difficulties encountered, I believe most were satisfied with the efforts of our hard working snow removal forces. Two new salt spreaders added to the efficiency of the operation, otherwise, expenditures in personal services would have been higher.

We initiated a salt reporting routine to enable us to control salt expenditures. 3,440 tons of salt and 558 tons of sand were consumed to keep roads clear. My department and Police Chief Jenne's department cooperate with one another to keep roads safe and passable for the motoring public. The need for a proper snow removal ordinance still remains.

Solid Waste Disposal

Our Landfill Dump operation is now in its second year of operation. I am taking this opportunity to give some information regarding the operation.

The Landfill operates six days a week 8:30 A.M. to 11:45 A.M. and 1:00 P.M. to 4:30 P.M. All should arrange to get in well before closing times. The Stump Dump operates five days a week to receive demolition materials and brush only. The directions of the dump personnel are to be followed at all times. Please keep clear of the machines. Use of the dump is limited only to the times the operator is on duty and only to those with a dump permit. Salvaging and scavenging is not permitted. The disposal of sewage solids or liquids (septic tank or cesspool pumpings and sewage sludge) and other hazardous materials, such as oily wastes, is prohibited. We hope to establish suitable procedures for handling oily wastes along with a regional recycling center.

The new "Litter Levy" legislation or so-called "Bottle Bill" is expected to provide funds for the preparation of recycling centers and for a statewide solid wastes plan.

We again participated in the Junk Car Program. Plans are to be made for the establishment of a year round collection center for junk cars and bulky metallic wastes such as stoves, refrigerators, metal cabinets and the like.

Trees cut under contract are disposed of near Hibbert Pond adjacent to Calvary Cemetery through the cooperation of the Roman Catholic Diocese, Monsignor Thomas Connor.

Capital expenditures for the dump operation included the purchase of an Allis Chalmers HD11G Bulldozer and a Butler building to house the equipment.

WATER DIVISION

The Water Division is subdivided into the services of Water Resources, Water Treatment and Water Distribution.

Water Resources

Once again it is my pleasure to state that the City is indeed fortunate to have Mr. Harry Jasmin in a consultive capacity as Water Resource Manager and Deputy Health Officer.

Water Resources management of the Rutland City Watershed started in 1969 involving all lands within the Class "A" water basin, roughly 15,000 acres of which Rutland City owns about 4500 acres. A Class "A" water basin is one that retains water in its most pristine state. The remainder of the basin is owned by the State of Vermont, Pico Ski Corporation, lumber companies, private owners and developers.

By 1970 there were 31 commercial, one condominium and 62 private establishments within the City watershed. At this time there are three new condominiums built with more to follow.

The question still is: How much development can the watershed sustain and remain Class "A"?

A detailed soil survey by U. S. Soil Conservation Service shows that the dominant soils in the watershed have limitations for receiving subsurface sewage disposal. It is recognized by the State that subsurface sewage disposal systems are temporary solutions only. Community systems are required. The Towns of Rutland, Mendon and Sherburne are moving toward the preparation of plans for community sewage disposal systems.

Additionally, hydrologic analysis is required to determine the direction and flow of ground waters through aquifers, so that the overall effect of developments within the watershed can properly be controlled. Additionally, as part of a comprehensive plan for water, we should look into the possible development of water sources, such as:

1. The oft-proposed reservoir and pumping station on the North Branch of the Cold River.
2. The extension of our present intake to above Rooney Brook.
3. The development of a well on the Otter Valley floor as an alternate, emergency source.
4. The consideration of cost of developing Chittenden Reservoir with its vast store of water. This could be a regional facility.

A close surveillance program of the 35 miles of brooks and potential sources of contamination in the watershed has been established. I have received approval from the State Agency of Environmental Conservation and the State Department of Health for Regulations. I have prepared "Rules and Regulations for the Protection from Contamination of the Public Water Supply of the City of Rutland, Vermont." For ease of distribution, I plan on affording copies of the regulations to the various towns within the watershed.

Our water sampling program of raw as well as treated water continues. The 118 raw water and 245 treated water samples taken indicate our water is of good quality.

The State of Vermont Department of Forests and Parks provides assistance to the City through Municipal Forester Eugene Keenan in the care and management of our forest and shade tree program. Mr. Keenan has reported the following:

During the 1972 Fiscal Year a total of 213 MBF of sawlog material and 1,069 cords of pulpwood were marked for harvest and salvage on 232 acres on the Rutland City Municipal Forest. In addition, 30 acres of timber stand improvement has been marked to remove cull material and improve wildlife habitat.

A total of 41 MBF of sawlog material and 634 cords of pulpwood on 110 acres was harvested for a stumpage return of \$1,697.00.

A contract for the harvest of 150 MBF of hardwood saw timber and 140 cords of hardwood pulp has been awarded for a stumpage return of \$8,630.00. Cutting operation on this sale will be restricted to winter conditions to protect watershed values.

This sale and all timber sales made on the Rutland City Municipal Forest are carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect and insure maximum sustained yields of usable water.

The management, marking and sale supervision on the Rutland City Municipal Forest is administered by the Vermont Department of Forests and Parks under its Municipal Forest Program.

The shade tree program instituted by Mr. Styles to evaluate existing conditions and future needs will serve as the basis for a long range master plan for the City. This plan will include needs in regard to planting, sanitation and the replacement of diseased and damaged trees.

CITY OF RUTLAND

At present a street by street survey is being carried out to evaluate existing conditions in regard to needed City landscaping, availability of planting sites and a determination of proper species in terms of environmental limitations.

The procurement of desired species and size during the proper planting season has always been a problem in the shade tree program. To rectify this situation, the Department has elected to establish its own tree nursery on the Rutland City Municipal Forest. This arrangement will allow the lifting of wild stock from the forest for holding, development to proper size and eventual planting where needed in the City. A total of 50 Sugar Maple saplings have been designated for transplanting in the nursery. These trees will receive top and root pruning, plus fertilization, and will be available for street planting in two years.

During the last year, 149 dead and diseased shade trees had to be removed as a sanitary measure. In conjunction with this project 130 stumps were removed. An initial 35 trees were planted within the City under this program during the last year.

The past few years' record is as follows:

	1968-1969	1969-1970	1970-1971	1971-1972
Removed	110	70	88	149
Planted	..	80	5	35
Sprayed	1600±	1600±	1600±	..
Stumps Removed	103	61	69	130

Water Treatment

Our Water Treatment Manager and Caretaker of the Reservoir, Mr. Rolla Jasmin, Sr., continues to ably accomplish his assigned responsibilities of care and maintenance of proper water treatment, the City Reservoir, the Chlorine House, system pressure valves and pumps, brook patrol, all in a fine conscientious manner.

The new State regulations require certification of operations, to this end, Mr. Jasmin and an Emergency Employment Act employee, Mr. William Reardon successfully completed a 19 week course given by the State of Vermont Department of Health.

A monthly check is made on valves and chlorine residual throughout the City. The pressure reducing valve on the 12" main above the Chlorine house was removed to correspond with the similar valve removed from the 16" main as part of the 20" main construction project. The removal of the valve has had the additional benefit of increasing pressure by approximately

ANNUAL REPORT

10 pounds for services on the 12" main, including the Hospital and Grandview Terrace. A new pressure release unit was installed on the troublesome West St. release valve.

At the Chlorine house; a new hurricane fence was installed with two gates, a block partition wall and steel door separating the downstairs chlorine area from the upstairs testing and a measuring room was built. A new pressure recorder has been installed, both (12" and 16") flow recorders are in reliable service. The new emergency generator at the Chlorine house, which automatically cuts in when there is an area power outage has more than proved its value. No longer are we plagued with chlorination shutdowns or flooding due to high pressure line breaks (caused by surges when pumps are shut off and on). At the present time new impeller pumps are in the process of being installed to replace the (high maintenance item) positive displacement pumps. We will also be refurbishing our chlorinators along with the new pumps.

Other accomplishments at the Reservoir were the building of a two bay garage for equipment storage; the placing of 50 more yards of marble rip rap around the reservoir; the building of a new gate and fence at the intake; and the commencement of a temporary prechlorination facility at the intake. The foregoing was accomplished while at the same time carrying out the usual maintenance tasks of: brook patrol, maintaining intake and valve structure screens, painting and building guardrails, cleaning and repairing chlorine house equipment, reconditioning summer equipment, controlling ice, and plowing reservoir roads. A total of 38,100 lbs. of chlorine and 800 lb. of copper sulfate were used.

The water temperature at the Chlorine house was recorded at:

June 1—54°
July 1—56°
August 1—65°

An estimated 1,825,000,000 gallons of water was treated.

The valve at the intake was closed a total of 36 days to avoid putting muddy water into the reservoir.

A new boat and a mower were purchased, also a new roof was put on the caretaker's house. As part of the Comprehensive Plan for Water previously mentioned, a first stage output would be a permanent prechlorination facility with cribbing at the intake and/or a new treatment facility. Additional needs are: Improvements to the present cylinder handling facility; water quality monitoring including laboratory facilities; a fence around the reservoir; the facing of boiler room walls.

Water Distribution

The water distribution system is maintained in an efficient manner by Mr. Martin Notte. The following summarizes the activities of this service.

	1970-1971	1971-1972
Main extensions.....	327' transite 1689' C.I.	447' 6" C.I.
New hydrants.....	1	2
Hydrants repaired-relocated..	23	17 (hydrant repair)
New connections.....	48	52
Relay services.....	63	15
Repair services.....		24
Curb boxes.....	71 (includes valves)	62
New meters.....	603	607
Repair mains.....	Not reported	11
Repair valves.....	Not reported	3
Install blow-offs.....	Not reported	2
Install valves.....	Not reported	8
Insulate services.....	Not reported	5

Additionally 335 hydrants were checked and flushed and the annual main flushing program was carried out. The valve project was commenced this Spring. This annual project will provide us with needed information to evaluate our water distribution system, in addition to correcting, in some areas, pressure difficulties. Some temporary disruptions in service will be experienced in the area that the valve crew is working. A new compressor and pavement breaker were purchased for the project. A replacement pickup truck was also purchased.

Part of the comprehensive plan for water will denote itself to consideration of the needs of the distribution system. Personnel changes for the Water Division were as follows:

Mr. Dave Richards	Water Resource Manager Trainee	Hired EEA
Mr. William Reardon	Water and Sewage Technician Trainee	Hired EEA

Water Pollution Control Plant

As this is the last report Plant Superintendent John R. Carrigan will prepare for me on his capable and dedicated operation of the Sewage Treatment plant, due to his imminent retirement in 1972, please permit me to quote his report verbatim.

"I hereby submit to you the Annual Report of the Water Pollution Control Plant for the City of Rutland.

A total of 2,028,894,000 gallons of sewage and storm water was processed at the plant during the past year. This amount could be lowered by several million gallons if our combined sanitary and storm sewers were separated. There is no question in my mind but this problem of separating the sewer system in our City is a must and should be done either before or during the period that the Disposal Plant is changed from a primary plant to a secondary system.

During the year Approx. 105 cu. yds. of grit was removed from the system together with a great quantity of rags, cans, leaves, sticks, stones, bricks and etc.

It would be our hope that the people of the City of Rutland would heed Mr. Lyman Styles, our City Engineer, warning about not raking material into the gutters in front of their homes. This habit has not only caused some of our sewer lines to become plugged but also has put an extra strain on the equipment at the Disposal Plant. Your cooperation in regard to this matter would be greatly appreciated.

During the past year it has been our pleasure to have a great many students visit our plant so that we could explain to them the operation of a Primary Disposal Plant.

There comes a time in all our lives when we reach a certain age that we must retire, this time has come for me.

Ten years ago I was appointed by Mayor John J. Daley to operate the Disposal Plant in our City. For this appointment, I will always be grateful to Mayor Daley. It was also a pleasure for me to serve under Mayor Harold J. Nichols and our present Mayor William H. Foley, Sr.

During the years I have worked under several City Engineers and at this time I would like to thank them for their cooperation.

There is always a special group who without their cooperation, my position would have been a great deal more difficult. The group that I am referring to are the men who worked with me in the daily operation of the Disposal Plant. For their cooperation and understanding may I say thanks. The pride that you have taken in keeping the plant in good operation makes it one of the best Primary plants in the State of Vermont. Again thanks to you all.

To all the employees in the City Engineer's office, City Clerk's office, City Treasurer's office and the men of the Department of Public Works, may I at this time thank you for your fine cooperation during the past several years.

To you, Lyman, all I can say is that I hope that some of the far reaching plans you have for the City of Rutland will be accomplished. It has been a pleasure for me to work with you during the last few years and Good Luck to you and your family for the years to come. Yours truly, J. R. Carrigan"

End of report by Sewage Treatment Plant Superintendent Carrigan.

John left for me to mention the sewer force main failure. The 20" sewer force main conducts all the City sewage from the River Street Pumping Station to the Treatment Plant. On the night of March 29, 1971 the main developed a leak in the yard of the Central Vermont Public Service's Gas Turbine plant. Through a cooperative effort of water, streets and sewer personnel, the line was back in service at 9:30 P.M. the next day. The leak was apparently caused by solids scraping a "V" groove in the bottom of the pipe, which eventually ruptured under load. The line will have to be replaced.

The State of Vermont, as a condition of its discharge permit for the plant operation, say they must have a schedule for the City to upgrade its treatment facilities to at least a secondary level. In addition, the plan for upgrading the treatment plant, in order to comply with the provisions of the new Water Pollution legislation will have to include disinfecting/desilting or other treatment at the interceptors. Hopefully by next year a consultant will have the preliminary planning underway.

Engineering Division

A new member of our Department, Municipal Engineer Warren Conner supervises this division. The engineering staff is involved in just about every aspect of our Department's activities. Surveys are conducted of watershed lands, streets, sewerage and water distribution system (including pressure measurements) and all City lands. The addition of Mr. Conner, a Registered Professional Engineer, will enable our Department to carry out projects in the proper manner, through the necessary survey, design and field phases.

The Division's activities this past year are summarized as follows:

Preliminary survey, layout, design, and property acquisition for various TOPICS projects including: West and Pine Streets Parking Lot and Trinity Church Parking Lot.

Preliminary surveys and review of plans for various projects undertaken by other City departments including: Forest-Granger Housing Project, Sheldon Towers, Vocational Technical Center, Meadow St. Playground.

In conjunction with the construction of Sheldon Towers, did preliminary survey, design and layout of storm and sanitary sewer and water lines on Norton Place.

Layout, design, and determination of assessments for sidewalks on Temple St., Allen St., Lincoln Ave., Park St., Pierpoint Ave., and Fairview Ave. (In conjunction with School Department

program for sidewalks near all elementary schools). Also design and layout of various curbs and sidewalks (as requested) throughout the City.

Design, layout, supervision, and any necessary property acquisition for the following Projects: Grove Street (Country Club) sewer and ejector station, Giorgetti Blvd. storm sewer and street widening, Killington Ave. storm sewer including new curbing, new Butler building at City Landfill and West St. sewer siphon (preliminary survey and property acquisition only) and North Street Extension-Northeast Drive—new street extension.

Preliminary surveys for following projects: Hilltop Terrace and Robinwood Lane—extension of streets including water lines and sanitary and storm sewer lines; Creek Road—extension of sanitary sewer line with objective of hooking up Dorr Drive Church, College of St. Joseph, and several private homes.

Reviewed all building permits for conformity to appropriate standards of our Department.

Moved to new quarters in old Fire Station in back of City Hall.

Together with Water Division started the valve survey which will include an evaluation of the City's entire water distribution system.

Several of the staff attended various State sponsored courses including:

Basic Waste Treatment Plant Operator's Course—Warren Conner

Waste Treatment Plant Laboratory Course—Warren Conner and Bruce Matt

Traffic Engineering Course—Warren Conner

Basic Survey Course (part of Rutland Public Schools Adult Education program)—Dave Richards and John Havens

Personnel changes for the Engineering staff were as follows:

Mr. Warren Conner	Municipal Engineer	Hired
Mr. Alan Shelvey	Engineering Technician	Hired
Mr. John Havens	Engineering Technician Trainee	Hired EEA

Administration

The staff supervised by Administrative Manager, Herbert Erickson, continues to provide: cheerful information and assistance regarding water, sewer, and street problems; permits as requested by office visitors; detailed accounts of all receipts and

expenditures of the Department of Public Works; compiling payroll records and other required statistical data; processing of building permits; and maintenance of files. We are looking forward to the establishment of new accounting systems and controls for the department; ideally, the payroll, projects, and water records could be on a computer system. Mr. Erickson also is the Safety Supervisor for my department. Recent regulations make it mandatory that proper attention is given to safety requirements. Local 1201 of the AFSCME has been cooperative in this regard. It is with regret that we note the passing on of Union President, Paul Lynch. He was very interested in the program. Former Commissioner of Public Works Alan Danvers died April 12, 1971. Mr. Danvers was very helpful to me in my beginning administration.

Personnel changes for the administrative staff were as follows:

Mrs. Paul Cillo	Payroll Clerk Trainee	Hired EEA and Resigned
Mrs. Coletta Franzoni	Administrative Assistant	Hired

Added to my responsibilities was the additional "Hat" of Environmental Officer. In this capacity I am to assist you in being informed of the State Environmental Quality Control laws and to assure that every resident complies with the law.

Please feel free to call on my office if you have questions regarding doing something that is regulated by the State; such as Water Pollution, Land Development, Air Pollution, etc. If I cannot answer your questions, I can at least refer you to a State official who can.

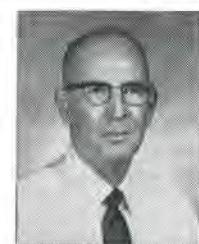

I wish to thank His Honor, Mayor Foley, the Honorable Board of Aldermen, my fellow Department heads, other City officials, all the hard working members of the Department which I proudly head, and the citizens of Rutland for their continued cooperation and assistance.

Respectfully submitted,

LYMAN H. STYLES, JR.
Commissioner of Public Works

Building Inspector

*To the Honorable City Council,
City of Rutland, Vermont:*

Gentlemen:

It is my pleasure to submit to you the annual report of the activities of the Building Inspector's office for the year ending June 30, 1972.

Permits	Description	Units	Amount
39	New Houses.....	..	\$645,800.00
3	Mobile Homes.....	..	21,000.00
1	Multi-Dwelling: Private.....	6	35,000.00

11	Commercial Demolitions.....	..	40,350.00
26	Resident Demolitions.....	..	11,205.00
274		6	\$4,455,786.00

In addition over 200 routine inspections have been made during the past few months.

I would like to thank his Honor Mayor Foley, the City Council, the Zoning Board of Adjustment and all other City Departments for their assistance. In particular I would like to express my appreciation to Fire Chief Koltoski and Health Officer Beale for their assistance on weekly inspections.

I sincerely thank Roy Rotella for his assistance and efforts during the past year.

Respectfully submitted,
LAURENT A. LaMONTAGNE
Acting Building Inspector

Board of Zoning Adjustment

*Hon. Mayor Foley and City Council,
Rutland, Vermont:*

Gentlemen:

I wish to submit my report of the activities of the Board of Zoning Adjustment for the year 1971-1972.

We held many meetings and they were very, very well attended, we had a very interested board.

Several variances were granted for houses to be built on lots that did not meet the requirements, where more land was not available, or small lots that were purchased before zoning went into effect.

Owing to the housing shortage variances were granted for some of the older houses to be remodeled into small apartments.

Some small businesses started under "Home Industry" such as Gift Shops, Beauty Parlors, Bakery and Real Estate. Also, some professional offices were opened in the home. A new Apothecary store was built in the Hospital area. All this required many inspections and much leg work from members of the Board and the Zoning Administrator.

In closing we wish to express our appreciation to his Honor, Mayor Foley, The Board of Aldermen, City Treasurer, Clerk, and our good friend, Chief Koltonski, for all their help and co-operation.

Respectfully submitted,

BOARD OF ZONING ADJUSTMENT
MARY V. QUIGLEY, *Secretary*

Constable and Tax Collector

*To the Honorable City Council and
The Citizens of Rutland:*

Gentlemen:

I hereby submit my report as City Constable and Tax Collector for the period from July 1, 1971 to June 30, 1972.

Delinquent poll taxes, real estate and personal property taxes collected amounted to \$98,226.52. Delinquent water rents and sewage disposal bills were also collected in the amount of \$12,436.47 for a total of \$110,662.99.

To His Honor, the Mayor, the City Council, the City Treasurer and other City officials and employees my sincere thanks for their assistance and cooperation.

Respectfully submitted,

L. BERNARD WATERMAN
Constable and Tax Collector

Police Protection

*To the Honorable City Council,
City of Rutland, Vermont:*

Gentlemen:

I respectfully submit the annual report of the Police Department for the fiscal year ending June 30, 1972.

The total strength of the department now stands at thirty-two officers, three meter maids, one records clerk and two traffic court clerks.

Detective Francis G. Kelly, Officers Walter Maxey, Edwin Hall, John Malosky and Gary Gregario resigned during the year. Four new officers were appointed—Officers Camilo Saavedra, Nicholas Ruggiero, John Bourne, Raymond Taylor and Officer John Malosky was reappointed. Mrs. Aleen Bickmore was added to the staff in the records division.

All officers attended in-service firearms training. Special Courses attended as follows: Drug Seminar, St. Michael's College—Officers Davis, Caulin and Mack. Juvenile Officer Training, Norwich University—Detective Williams. Felony Investigation, Champlain College—Officer Saavedra. Basic Training, Law Enforcement Training Council—Officer Taylor. Basic Training, State Police Academy—Officers Caulin and Saavedra. Basic Firearms, State Police Academy—Officers Ruggiero, Vallie and Bourne.

The planning phase of the new police station is underway. All costs for planning are paid by federal funds through LEAA grants. Some temporary relief has been obtained by some renovations and use of space in the old fire station. However, the need for adequate facilities is still critical and a remedy should be the highest priority.

A Juvenile Division was organized and Detective Douglas Williams appointed on April 1st, 1972 as Juvenile Officer. Among its activities have been the reorganization of the bicycle ordinance and the reorganization of the bicycle safety patrol and bicycle court. The investigation of juvenile cases and related activities

by the division have already indicated its great need and value as a permanent part of the department.

The department experienced considerable agitation and turmoil during the past year as have most departments all over the country. The Committee appointed by Mayor Foley to study the department and its operation did the community a great service by its thorough and efficient study and its most realistic and sensible recommendations. I would like to thank the committee for its great effort and sense of responsibility to the community in undertaking this job.

I would like to express the appreciation of the entire department to all other law enforcement agencies, the press, radio and television people, who have assisted and worked along with us.

I extend my thanks to his Honor, Mayor William Foley, the Honorable Board of Aldermen and City Officials who have helped in many ways.

Respectfully submitted,

STUART D. JENNE
Chief of Police

City Clerk

*To the Honorable City Council,
City of Rutland, Vermont:*

Mayor Foley, Gentlemen and Mrs. Stearns:

Again it is my duty and pleasure to submit the report of the office of City Clerk and Purchasing Agent for the period 1 July 1971 to 30 June 1972.

The duties of the City Clerk are mandated by Vermont Statutes, the Rutland City Charter and Rutland City Ordinances.

This has been another busy year in all phases of our work. Our daily over the counter transactions have been very numerous. It is the natural inclination of most citizens to seek information from the city clerk and our office is no exception.

With the 18 year old majority law in effect our voting lists have increased but very little. Overall our checklist increased about 600 voters. In June city officials, led by Honorable William H. Foley, Sr., Mayor, participated in a swearing in ceremony on the stage at Rutland High School. This was an eventful day in which 65 young new voters were administered the Freeman's Oath by Dr. James J. Tinney, retiring Superintendent of Schools. We were very pleased to have Governor Deane C. Davis attend and speak. Special thanks to Rutland High School Principal William H. Timbers, Lincoln Fenn, Robert Miller and Assistant Principal Bruce Stryhas. We hope to continue this type of voter registration at both schools annually.

Hunting and Fishing licenses applications were down a little but are on the rise again. Out of state Hunting and Fishing licenses constitute a sizeable part of our license operation.

We have once again attempted to move our office equipment to increase our access to records. While a police space study is being funded I think equally important is a study of space requirements for **this office** and the **city treasurer** both of which are now **critical**.

The Food Stamp Program under the supervision of this office is referred to elsewhere in this report.

As clerk of the Board of Aldermen I should report the increased work load of the board in regular session, special and executive sessions and especially the large amount of committee work. In addition to this is the members sitting as the Board of Civil Authority with the mayor presiding acting on the upcoming grievances of taxpayers aggrieved by the decisions of the Board of Assessors. President of the Board of Aldermen J. Fred Carbine is assisting this office in instituting an agenda style meeting of the Board of Aldermen which if followed will increase the efficiency of board records. A new remote air condition unit is being installed in the council chambers which at times get very warm in more ways than one.

As always we welcome all citizens to our office for whatever their needs may be.

My sincere appreciation to the faithful and efficient employees of this office.

Many thanks to Mayor Foley, the Board of Aldermen, City Treasurer Simonds and all other departments for their cooperation and assistance.

Respectfully submitted,

JOHN W. BARRETT

City Clerk and Purchasing Agent

Vital statistics will be found elsewhere in this report.

Food stamp report will be found elsewhere in this report.

**OFFICE OF THE CITY CLERK
REPORT OF VITAL STATISTICS
For the Calendar Year 1971**

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during the year 1971 was as follows:

Total number of births registered in 1971.....	827
Total number of deaths registered in 1971.....	486
Total number of marriages registered in 1971...	241

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

CATHERINE WALSH
Assistant

JOHN W. BARRETT
Food Stamp Director

City Grand Juror

*To the Honorable City Council and
Citizens of Rutland, Vermont:*

One of the chief responsibilities of the Grand Juror is the prosecution of misdemeanors committed within the City of Rutland. The number of offenses prosecuted, which was 784 as recently as 1969, continued to increase during the past year to 1,567.

These offenses involve not only violations of the motor vehicle statutes but also parking, dog, junk car and health violations as well. The exact nature and number of offenses prosecuted is set forth in detail in the police department report.

Another of the major duties of my office is working with the city police to resolve many citizen complaints which should not necessarily result in prosecution and to assist in finding solutions to public safety and law enforcement problems of mutual concern.

In the latter area extensive consideration during the past two years has resulted in adoption of a new bicycle ordinance which will hopefully alleviate that problem.

One of the major unresolved problems, which was the subject of one of my periodic reports to the Council, is the operation of the videocorder which was purchased to assist in the prosecution of driving under the influence cases. Even though present police department quarters are cramped and need replacing, some means should be found to use the videocorder equipment, since it would assist greatly in obtaining driving under the influence convictions.

It has been a pleasure working with and assisting the city police, Mayor, and Board of Aldermen. I would like to thank the members of the Rutland City Police, the Vermont State Police, the Rutland County Sheriff, and all others who have assisted me during the past year.

Sincerely,

ROBERT EDWARD WEST
Grand Juror

Assessors' Office

To the Honorable City Council:

The Board of Assessors appreciates the cooperation and indulgence extended to them by the taxpayers of Rutland during the reappraisal. It was not an easy task to perform. It must be remembered that during the reappraisal the assessors had the entire 1971-1972 and 1972-1973 Grand List to prepare and perfect.

At this writing I take the liberty to announce that in the Assessors office we have an up to date filing system with a card for every piece of property in the City in numerical order by streets in alphabetical sequence. All of these cards have a picture of the building plus pertinent data of the individual property. Also we have a card file system of all permits issued. Another very important card system is the recording of all the sales of Real Estate in the City. This is being done on colored cards that are filed in numerical order by alphabetical streets. This is a very important and useful system as it will show the Assessors office where properties are selling. In this manner sections or blocks or wards of the City can be revalued. There are approximately 700 transfer cards on file now. For example, if Ward X shows sales of one hundred or so properties in the past two years and if these sales reflect a much higher value than the value placed by the assessors then the entire Ward may be reappraised. By the same method if in Ward Z the sales reflect values equal to the values placed by the Assessors then Ward Z would be reviewed but not as thoroughly as Ward X. This is just a brief synopsis of the functions of the Assessors office.

I wish to thank and compliment Mayor Foley, the Board of Aldermen, the City Clerk's office and all the other City departments for their excellent cooperation.

Special thanks to Assessor Franzoni and Turner for their devotion to the office.

The accomplishments of the Assessors office in the past two years would have been impossible without the untiring efforts and knowledge of our Secretary, Mrs. Geraldine Miglis.

Respectfully submitted,

JOHN D. PISANELLI, *Chairman*
Board of Assessors

Rutland Free Library

For the Year Ending June 30, 1972

To the Honorable City Council and Citizens of Rutland:

It is a pleasure to present my ninth annual report as the Director of the Rutland Free Library.

The library met an increasingly heavy demand for its collections, its services, and its facilities during the past year, and it responded by adding services and expanding in a number of areas to meet this increased use.

The Gustav H. Grimm and Family Fund, which presently provides all the books and periodicals for the Rutland Library, has enabled the library to enrich its holdings greatly both quantitatively and qualitatively. More individuals thereby are attracted to avail themselves of the library's offerings.

In addition, libraries usually find that during a time when the economy is slowing down the public will call on them even more than usual. Rutland was no exception to this rule. During several months, in fact, the circulation statistic was the largest ever for those respective months, and circulation for the whole year gained again, by about 10 percent this time. Further, adult book circulation was the highest in the library's history.

Increased Services

The library increased its weekly hours in the winter to seventy by offering service on Sunday afternoons from one to five. These four hours soon were among the busiest of the week, with much student use as well as general browsing activity. Rutland Free Library, incidentally, is one of the few public libraries in this area of the country to be open on Sundays.

Many persons prefer paperback books to conventional hard-cover works for a variety of reasons. This year, the library began a collection of paperbacks, which now numbers over 1,000 and which is shelved conveniently for browsing near the circulation desk. Use of it has been brisk, as circulation statistics attest.

Miss Carol Chatfield, Children's Librarian, introduced cassettes in the Children's Department. These cassettes, which mainly are readings with some music accompanying them, may be borrowed by any person or group.

Daniel Weine, Cataloger, who left Rutland in April, maintained bulletin board displays in the adult department dealing with subjects of wide-ranging interest. These displays, which were accompanied with related books, magazine articles, and pamphlets, served not only to call attention to topics of immediate interest but also to gather a portion of the materials which actually are available for borrowing in these areas.

Service to Schools

Service to the City's schools increases steadily. Several Special Education classes from the old IHM School used the library on a regular basis and also attended story hours conducted by Mrs. Sharron Sanborn. The Vermont Association for the Crippled increased its use of children's books, records, cassettes, and films.

Rutland High School Home Economics classes held story hours with pre-schoolers as a part of their school assignments. Many other Rutland school groups made one or several visits to the library for reference or research projects. Among those visiting our library from other towns were the Proctor Elementary School Learning Disabilities Group, private secondary school classes from Killington, and a class from Proctorsville School.

Taking further hold during the year were the popular 8 mm films, with subjects of interest for all ages and varied tastes, and the photocopy machine, both having been introduced recently into the library.

Materials Collection

Some of the new titles added to the reference collection, and which serve to illustrate the range of additions to the library, are Interpreter's One Volume Commentary on the Bible, Consumer Complaint Guide, Focus on Environmental Education in New England, Notable American Women 1607-1950, Dictionary of Word and Phrase Origins, New Guide to Study Abroad, Historical Houses of America, Names for Pets, Dictionary of World Pottery and Porcelain, Leaders of American Conservation, The Annals of America, Asimov's Biographical Encyclopedia of Science and Technology, Concise Encyclopedia of Archaeology, and International Flag Book in Color.

One example of the strengthening of the collection was the addition of a group of multilingual imported books in the library's

art section this year. A student or browser now can survey the architecture, sculpture, painting, and other areas of Russian Art and also have coverage of all the historical periods.

Additional shelving was placed in the Children's Department to help house the growing collection there. The new adult books area was expanded with the addition of a movable book unit.

Large Type Collection

The holdings of the large type collection were augmented, with appeal of these books increasing as the publishers make more popular and current titles available in large type. To the New York Times Large Type Weekly the library also has added the Reader's Digest Enlarged Type Edition. Experience has shown, incidentally, that the large type materials get used by all age groups.

Library Staff

Replacing Mr. Weine as Cataloger is Jacob R. Sherman, a graduate of Albany Library School. Along with other returning staff members mentioned previously here were Mrs. Frances C. Carroll, Miss Vivian R. Hewitt, Miss Marjorie Loveland, Mrs. Merlyn Lyon, Mrs. R. Gale Spaulding, and Gerald Sinn, custodian. The library's bookkeeping and other financial matters were taken care of by the Misses Irene Francis and Josephine Rosmus. Fred B. Fletcher, Jr. was evening reference room supervisor.

The August Book Sale, which is nearly an annual event, was one of the most popular ones ever held. Also held during the summer were weekly children's film programs, with other showings during school vacation weeks, National Library Week, and National Children's Book Week. Much appreciated were the excellent publicity given to library programs by the Rutland Daily Herald, stations WHWB and WSYB, and Channel 12, and the window display space made available by the Blue Cross-Blue Shiled Office during National Library Week.

A special event held in the Lawrence Reading Room and enthusiastically received was a reading by the Sometime Theater of Shaw's "Don Juan in Hell." The library hopes to have more events of this sort in the future.

Board of Trustees

Mrs. Howard T. Swain presided over the Library Board this year, with Dr. Gordon B. Smith and Lincoln M. Fenn serving, respectively, as first and second vice presidents. Secretary of the board was Mrs. Robinson E. Keyes, while Theodore Ennis, Treasurer, chairmanned the Finance Committee.

Others on this committee were John A. Densmore, Mrs. Bernard R. Dick, Dr. Smith, and Richard F. Sullivan. The House and Equipment Committee was made up of Chairman Mrs. Dick, Mrs. Robert E. Bossardt, and Mrs. Merritt Thomas. Members of the Nominating Committee were Mrs. Keyes, Chairman, Mr. Densmore, and Mrs. Morris B. Wolk. Mr. Fenn headed the Personnel Committee, which also included Mrs. Verne J. Goodwin and Walter M. Moore. The Publicity Committee was composed of Mrs. Wolk, its Chairman, Mr. Ennis, and Mrs. Joseph W. Kozlik.

The help and cooperation of the staff, trustees, and city officials were much appreciated during this very busy year. We look forward to opportunities for further increasing library services in Rutland in the coming months, as demands on the library remain high.

Respectfully submitted,

CHARLES D. MAURER, JR.
Director of the Rutland Free Library

Rutland Mental Health Service, Inc.

ANNUAL REPORT TO RUTLAND CITY

To: Mayor Foley, City Council and Citizens of Rutland:

The Rutland Mental Health Service is engaged in the prevention and control of mental disorders. Mental disorders include emotional upsets, social problems, tensions from everyday living and strains and stresses from interpersonal relationships. People with the following problems are seen here: alcoholism, marital difficulties, parent-child problems, school or job dysfunctioning, depression, anxiety, readjustment to the community after hospitalization, social isolation, drug abuse, problems associated with handicaps such as mental retardation, epilepsy, etc.

In the past year 975 citizens in Rutland City were seen at the Rutland Mental Health Service. They were provided a variety of services including:

1. Outpatient services: Individual and/or group counselling on a weekly basis with no waiting period at an average fee of \$4.00 per hour. 520 residents were seen last year.
2. In Patient Services: Short term hospitalization at Rutland Hospital for acute situations.
3. Emergency 24 hour service (Telephone number 775-1000) provides around the clock availability of staff for suicidal, depressed and other crisis situations.
4. School consultation was provided to teachers or children with problems along with some individual testing and evaluation of children.
5. After Care service to 115 residents returning from Brandon Training School and Waterbury State Hospital to help in their adjustment process.
6. Youth Activities program provided small group recreation functions for 100 children in need of special care.
7. Intermediate care service for people needing more than once a week counselling but less than hospitalization provided 2,200 days of care.

ANNUAL REPORT

To provide these services is a staff of 36 full and part time personnel including psychiatrists, psychologists, social workers, nurses, teachers, technical and secretarial staff. Funds are received from federal, state and local sources. Rutland contributed \$2600 last year. Volunteers are an integral part of the service and there is a continuing need for more.

The Rutland Mental Health Service is continually assessing its performance and would appreciate any and all feedback on its services in Rutland City.

Sincerely yours,

PHILIP POWERS
Executive Director

PP:dg

Big Sister

City Attorney

*To the Honorable City Council,
City of Rutland, Vermont:*

Gentlemen:

I respectfully submit the Annual Report of the City Attorney for the Fiscal Year 1971-1972.

I am pleased to report to the City Council that the work has been completed on the new proposed City Charter. Special legislation was introduced in Montpelier and passed to allow for a referendum by the people, hopefully this coming March, on whether the new Charter should be adopted. I would like to take this opportunity to commend former Alderman Craigue S. Perkins for his many years of devotion to this matter. This would include his close cooperation in our weekly work sessions, seeing the matter through the Public Hearing stage, and the ultimate printing and preparation for formal adoption by the citizens of Rutland. His help is deeply appreciated by this office.

I shall attempt briefly to outline other activities of this office during the past year.

Litigation

Much time was spent in preparing and trying tax appeal cases with the close cooperation of the Board of Assessors. This included trying cases in both the Rutland County Court and before the Tax Commission. The continual expansion of litigation against the municipality and its various activities continue to increase in Rutland as in other municipalities throughout the United States. I am presently defending suits in the Federal District Court, the Vermont County Court system and in the Vermont District Court here in Rutland. The City continues to feel pressure as to the Constitutionality of its aid to non-public schools and we expect possible litigation in this area. I will continue to attempt to inform the Board of Aldermen of progress in various matters of litigation as they come before the courts.

Opinions

The City Attorney's Office maintains close contact with the Mayor's office as well as the Board of Aldermen in attempting to

supply written legal guidelines to the Executive and Legislative bodies, as well as assistance on a daily basis to various department heads. I have personally found the weekly department head meeting in the Mayor's office to be of great assistance to this office, where we can handle many legal problems on a face-to-face basis and in a more expedient manner.

Besides written formal opinions, the City Attorney's Office continues to offer guidance to the Department of Public Works in its Union negotiations, as well as various contractual matters that arise between all City Departments and businesses and/or persons dealing with the City. The installation of the 20 inch water line has been completed and the City was reimbursed over \$32,000 for the money spent for easements in the first phase of the project. I would like to thank the Mayor's office and the City Treasurer's office and the Department of Public Works for their instrumental and valuable aid in seeing that this money was reimbursed to the City of Rutland.

I think as a forecast for the coming year we can expect the present ties with State and Federal Government to grow with the City, as Federal aid and State and Federal programs expand in our municipality.

I would like to thank the various City Department heads, in particular the Office of the City Clerk, the City Engineer and the City Treasurer, as well as Mayor Foley and the Aldermen, for their valuable assistance during this past year.

Respectfully submitted this 28th day of September, 1972.

RICHARD W. NORTON
City Attorney

Rutland County Humane Society, Inc.

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

During the fiscal year 1971-1972, the Rutland County Humane Society cared for 1,789 dogs and cats at its Shelter, as well as numerous other small animals and birds. About 45% of these were from the City of Rutland. We also boarded the dogs brought in by the Dog Officer.

Our Humane Agent, Edward Wheeler, checked about 35 complaints in the City, some of them in conjunction with the Police. Our traps were used many times to capture wild animals to be released in the country. Several school and Scout groups toured the Shelter, where we always welcome visitors.

Our operating expenses for the year were \$11,460.69, an average cost of \$6.40 per animal handled. We received \$3,000 from the City, the balance coming from memberships, Towns in the County, individual donations and fund-raising activities.

We are grateful to Mayor Foley, the members of the Board of Aldermen, Police Chief Jenne and the Officers in his Department and to the citizens of Rutland for their support and cooperation.

Respectfully submitted,
ELLEN H. PORTER
Treasurer, R.C.H.S.

RUTLAND AREA VISITING NURSE ASSOCIATION, INC.

132 State Street
Rutland, Vermont 05701

ANNUAL REPORT TO RUTLAND CITY

This is a report to the Rutland City residents describing the health services which have been rendered from June, 1971 through June, 1972.

The Rutland Area Visiting Nurse Association provides part-time nursing in your home for you and your families under the direction of your physician. We provide skilled nursing service, health guidance, teaching and instructions in maternal and infant care during pregnancy and after the baby arrives, Physical Therapy, Speech Therapy, and Home Health Aide Service.

We have made 5,883 nursing visits and 1,008 Home Health Aide visits to the residents of Rutland City, giving health services. We have also made approximately 300 evaluation visits to determine health problems and refer to other agencies as we see the need. We coordinate with the Public Health Nurses for a better over-all health program. We try to have a close contact with all resource agencies in the Rutland area so all problems and health needs can be met.

Our agency has a coordinator who works closely with Rutland Hospital and the Extended Care Facilities to give better discharge planning and more continuity of patient care when the patients are able to go home.

We continue to be certified under the Medicare program to be able to serve our Senior Citizens through this program.

Our agency is constantly growing and trying to improve services. At present we are trying to start Preventive Clinic Conferences for the residents of Templewood Court and Sheldon Towers.

We work closely with the Vermont Assembly of Home Health Agencies and the Agency of Human Services so we may bring the best possible health care to your city.

We appreciate your support and hope you will continue to see the growing need for more health care in your city.

Respectfully submitted,
EVELYN MORGAN
Director

The Chaffee Art Gallery

*Mayor William Foley,
The Board of Aldermen and
The Citizens of Rutland, Vermont:*

The Chaffee Art Center Annual Report

The Chaffee Art Center is in its twelfth year as Rutland's headquarters for the visual arts and in a lesser role, for the performing arts.

Again this season, the Center is offering Rutlanders and the region's many visitors and residents, rotating exhibitions of paintings, sculpture, graphic art, photography and designer crafts.

In the performing arts, the artists nearly all of whom are Vermonters or summer Vermonters are presenting concerts, dance programs and theatrical productions to capacity audiences. It was the continuing success of these performing arts programs that prompted the Trustees to change officially the place name from "Chaffee Art Gallery" to "Chaffee Art Center."

The 1972 Gallery schedule opened May 21st with the "Teen Age Art Show" by Rutland area junior and senior high school students. Parents, friends and relatives, young and old, filled the galleries. Groups of children, sometimes as many as 50 at one time, came from playgrounds, neighboring elementary and special schools to view the work of the young artists. Having found their way to the Chaffee Center, many of these young people have made a practice of dropping in not only as guests but as volunteer workers.

As is customary, the opening show is followed by two annual juried members shows, the time when every member artist is guaranteed the opportunity to exhibit at least one work of art. Solo shows are also held as are other events which include invitational exhibits of prints, photographs and collections, the showing of slides, watercolor and oil painting demonstrations and Sunday afternoon previews to open each new exhibit. As is customary, all events at the Chaffee Art Center are free to the public except for special lecture programs and art classes.

Perhaps the most popular summer event sponsored by the Center and the Recreation Department is the annual "Art in the Park" festival. This is held once a year in August. Crowds and buyers are attracted to the successful venture where the many artists and craftsmen set up and man their own displays.

ANNUAL REPORT

When the next season's schedule is planned in the fall of each year, time and space is set aside for the unknown. These events this year include: a memorial exhibition of works by the late Gottlob Briem, an art instructor at the Gallery and a long time member and friend; a concert and illustrated lecture series "Romanticism in Music" by Mr. and Mrs. Edgar Schenkman; an exhibit of paintings and sculpture, by Vermont Artists, in connection with the Pearl S. Buck evening at Castleton State College.

A completely new venture will be a 10 day Art and Designers Craft Show in November. It will be followed by a one day Christmas exhibition and annual flower show by the Rutland Garden Club.

We are again grateful that our home is in the handsome old Chaffee residence with its beautiful woodwork and Chinese teakwood furniture which we are permitted to use. We are grateful to Mr. Frederick Chaffee for all of his courtesies and especially so for installing a new furnace when the old one gave out this spring. A special thanks to our hostesses and other volunteers and to our staff who also give many unsalaried hours for the betterment of the Center. And a very sincere Thank You to Mayor Foley, the Board of Aldermen and the Citizens of Rutland for their continued support and for the City Grant which enables us to hire a full-time person to work with the Trustees and other members of the staff in coordinating the activities at the Center.

Respectfully submitted,

KATHERINE KING JOHNSON
Executive Director

ANNUAL REPORT**Rutland Housing Authority***To the Honorable City Council:*

On May 4, 1972 the Rutland Housing Authority had an open house for their two newly completed projects, Sheldon Towers for the elderly and Forest Park for families.

The two projects, together with Templewood Court provide us with 135 units of housing for the elderly and 75 units of housing for families. However, there are large waiting lists for all projects.

To answer the present housing shortage in Rutland for low-income people, we are planning additional projects both for the elderly and for families.

The Rutland Housing Authority, with all its new units, has had to increase its staff from three people to eight.

The present Board of Commissioners can be found listed elsewhere in this City Report.

The staff working for the Board of Commissioners is:

Willis B. White—Executive Director
 Francis F. Waterman—Deputy Director
 Grace F. Bean—Administrative Assistant
 Sally R. Turner—Bookkeeper and Secretary
 Harold G. Briggs—Custodian (Templewood Court)
 James McFarren—Custodian (Sheldon Towers)
 James Carroll, Jr.—Custodian (Forest Park)
 Cindy O. Haus—Tenant Relations Agent

Plans are currently being worked out with the area office of HUD in Manchester, N. H. to assist us in providing additional housing in Rutland for qualifying low-income people, to help cut down the present long waiting lists.

BARBARA P. GOODRICH
Chairman of the Board of Commissioners

Department of Education

Library Treasurer

Mr. William H. Foley
Mayor of Rutland
Rutland, Vermont

Dear Mayor Foley:

I am happy to enclose the Financial Report of the Rutland Free Library Association, Inc. covering the period from July 1, 1971 to June 30, 1972.

On behalf of the Trustees may I take this opportunity to express to you and to the members of the Library Committee, as well as the Board of Aldermen as a whole, our sincere appreciation for your cooperation and support in helping our Library Association give increasing service to the people of Rutland.

Sincerely,

THEODORE ENNIS, *Treasurer*
Rutland Free Library Assn., Inc.

City Treasurer

*To the Honorable City Council,
Rutland, Vermont:*

Gentlemen:

I present herewith the 1972 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1972.

All debt requirements of the City were met promptly during the year. Serial bonds totaling \$220,000.00 were retired. Payments of \$9,324.48 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$74,500.00 of which interest amounting to \$30,685.00 was paid on outstanding school construction bonds.

GENERAL FUND: This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services and other miscellaneous revenues.

During the fiscal year ended June 30, 1972, revenues actually received were \$105,014.49 more than budget estimates and expenditures were \$146,714.22 less than budgeted appropriations.

SCHOOL FUND: During the fiscal year ended June 30, 1972, revenues actually received exceeded budget estimates in the amount of \$313,794.51 and expenditures were \$286,467.37 greater than budget appropriations. As at June 30 there was a surplus in the amount of \$44,331.70.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1972.

Summary statement of cash receipts and disbursements presented as Schedule 1, summarizes the activity of the various funds during the fiscal year ended June 30, 1972.

Respectfully submitted,
W. J. SIMONDS
City Treasurer

Auditors' Report

To the Honorable City Council,
City of Rutland, Vermont

Gentlemen:

Your Auditors have made an examination of the accounts and financial records of the Treasurer and other offices of the City of Rutland, Vermont for the period July 1, 1971 to June 30, 1972.

This examination was made in accordance with generally accepted auditing standards and accordingly includes such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion the financial records of the Treasurer fairly reflect the financial condition of the City of Rutland, Vermont as of June 30, 1972 and the result of operation for the fiscal year.

Respectfully submitted,

R. NEWTON OWENS

JAMES L. RALEIGH

EXCERPTS FROM OUR DOG ORDINANCE RUTLAND CITY

§ 2551. Disturbance of quietude as public nuisance

It shall be unlawful for any dog owner or keeper to permit or allow his or her dog or dogs to habitually howl, bark, or in any other manner disturb the peace and quietude of the community. Such conduct is hereby declared to be a public nuisance.

§ 2552. Confinement

(a) The owner or keeper shall confine within a building or secure enclosure every dog, and not take or allow such dog out of such building or secure enclosure unless such dog is on leash or under control of some person, or securely attached to an exercise wire.

§ 2553. Impoundment; notice thereof

Dogs found running at large may be taken up by a police officer or duly authorized agent and impounded.

§ 2555. Penalties

Any person who violates any provision of this chapter shall be fined not less than \$10 for the first offense, not less than \$15 for the second offense, and for the third or any subsequent offense shall be fined not less than \$20 or imprisoned for ten days.
